Fertility Associates of Memphis to Host "Miracle Baby" Picnic

Memphis, Tenn. -- Fertility Associates of Memphis will host its biennial "Miracle Baby" Picnic on Saturday, May 18 from 11:00 am to 2:00 pm. The event will be held in the Baptist Women's Hospital courtyard located behind 80 Humphreys Center and is open to all families who have been helped by Fertility Associates of Memphis over the years. More than 600 people are expected to attend.

The free event will include a picnic atmosphere with fun activities for children, along with opportunities to catch up with the Fertility Associates of Memphis physicians and staff who helped bring dreams to life. There will also be door prizes awarded, thanks to donations from more than a dozen local businesses and organizations. Rocky Redbird, the official team mascot of the Memphis Redbirds, is also scheduled to make an appearance around noon.

"This event is a special time to celebrate our families around Mother's Day, and it puts a smile on everyone's face," Dr. William Kutteh, director of Fertility Associates of Memphis, said. "It's always exciting to see how these true 'miracle babies' grow up and change over the years."

Families who wish to attend should RSVP to the main Fertility Associates of Memphis office at 901-747-2229, ext. 128.

About Fertility Associates of Memphis

Fertility Associates of Memphis is a state-of-the-art practice providing comprehensive reproductive health care to couples of the Mid-South and beyond...treating patients struggling with infertility, recurrent pregnancy loss, and reproductive disorders. Our highly specialized team of physicians utilizes cutting-edge techniques, including in vitro fertilization with laser blastocyst biopsy, preimplantation genetic diagnosis, and fertility preservation. Our compassionate physicians, board-certified in reproductive endocrinology and infertility, have been bringing dreams to life for more than 20 years.
